Robyn is an internationally acclaimed advocate for the arts and in great demand globally and it is for this reason that she has been tasked by Mayor Tom Tate to accelerate cultural development on the Gold Coast towards 2018. Robyn will talk about this role and her understanding of the process of enriching the cultural landscape. Her vision is that by 2018, in advance of the Commonwealth Games, the Gold Coast will be known for more than just the traditional offers of sun, surf and theme parks.

Somerset College has a long and proud cultural history through its Celebration of Literature, our gift to the Gold Coast community. On this occasion, we are delighted to present this opportunity for you to discuss important economic and cultural issues that affect the Gold Coast.
